This Kaycha Labs Certification shall not be reproduced, unless in its entirety, without written approval from Kaycha Labs. Results relate only to the sample or product analyzed. ND=Not Detected, ppm=Parts Per Million, ppb=Parts Per Billion, LOD=Limit of Detection, LOQ=Limit of Quantification. The LOD is the lowest concentration that can be detected. The LOQ is the smallest concentration that can be detected and reliably measured by an analytical procedure, respectively. Action Levels are State determined thresholds based on F.S. Rule 64ER20-39 and F.S. Rule 5K4. The Measurement of Uncertainty (MU) error is available from the lab upon request. The "Decision Rule" for pass/fail does not include the MU. Any calculated totals may contain rounding errors.
